Subject: deschutes weekly item

I can see my Deschutes entry from last night, as a "Hot Topic- Upcoming" in the Weekly List of items. Here is the writeup if you need to enter it for me for some reason:

EPA Decision Action on Washington's Deschutes River TMDL

On Friday 6/29, EPA plans to take final action on our review of the State of Washington's Deschutes River multi-pollutant Total Maximum Daily Load (TMDL). The date of action is based on commitments made to the plaintiff and the Court in response to a lawsuit. Coordination with the State on the decision has been regular, detailed, and at multiple levels. (Point of Contact: Miranda Hodgkiss, x0692)
